

IN THE CLAIMS

Please amend the claims as follows:

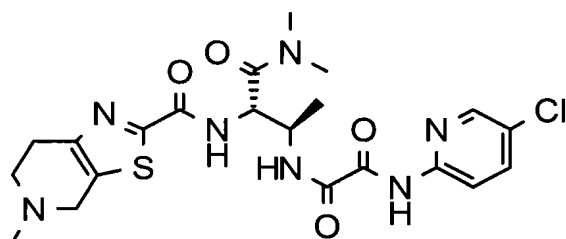

Claims 1-26 (Cancelled).

Claim 27 (New) A compound or salt thereof, which is selected from the group consisting of:

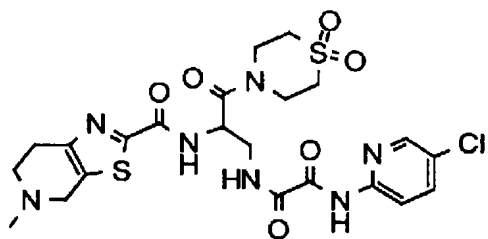

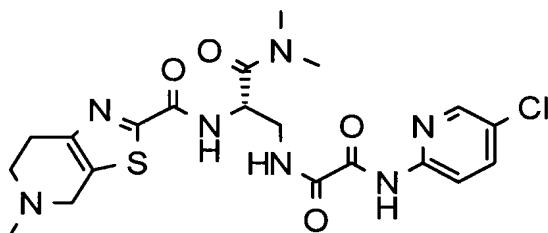

and

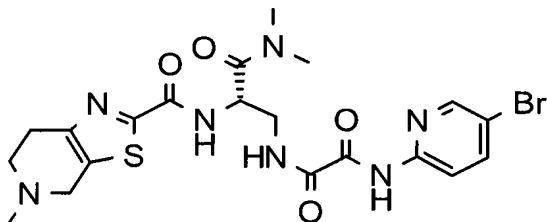

Claim 28 (New) The compound or salt thereof of Claim 27, which is

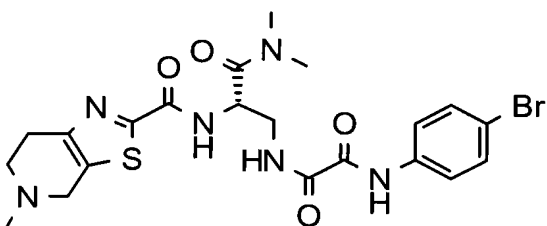

Claim 29 (New) The compound or salt thereof of Claim 27, which is

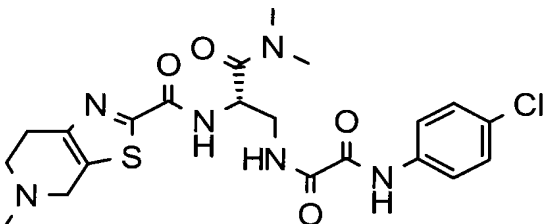

Claim 30 (New) The compound or salt thereof of Claim 27, which is

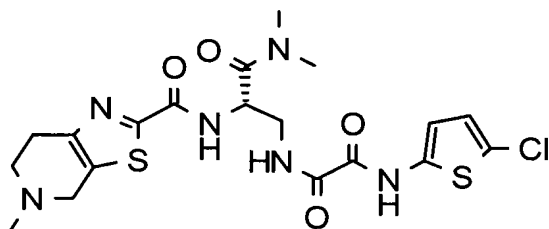

Claim 31 (New) The compound or salt thereof of Claim 27, which is

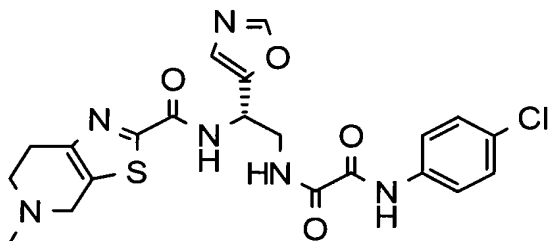

Claim 32 (New) The compound or salt thereof of Claim 27, which is

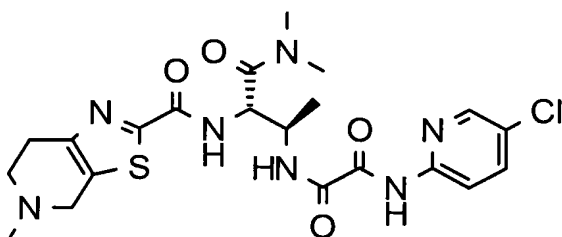

Claim 33 (New) The compound or salt thereof of Claim 27, which is

Claim 34 (New) The compound or salt thereof of Claim 27, which is

Claim 35 (New) The compound or salt thereof of Claim 27, which is

Claim 36 (New) A composition, comprising at least one compound or salt thereof of Claim 27 and a pharmaceutically acceptable carrier.

Claim 37 (New) A composition, comprising the compound or salt thereof of Claim 28 and a pharmaceutically acceptable carrier.

Claim 38 (New) A composition, comprising the compound or salt thereof of Claim 29 and a pharmaceutically acceptable carrier.

Claim 39 (New) A composition, comprising the compound or salt thereof of Claim 30 and a pharmaceutically acceptable carrier.

Claim 40 (New) A composition, comprising the compound or salt thereof of Claim 31 and a pharmaceutically acceptable carrier.

Claim 41 (New) A composition, comprising the compound or salt thereof of Claim 32 and a pharmaceutically acceptable carrier.

Claim 42 (New) A composition, comprising the compound or salt thereof of Claim 33 and a pharmaceutically acceptable carrier.

Claim 43 (New) A composition, comprising the compound or salt thereof of Claim 34 and a pharmaceutically acceptable carrier.

Claim 44 (New) A composition, comprising the compound or salt thereof of Claim 35 and a pharmaceutically acceptable carrier.

Claim 45 (New) A composition, comprising the compound or salt thereof of Claim 36 and a pharmaceutically acceptable carrier.

Claim 46 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 27 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 47 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 28 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction,

pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 48 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 29 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 49 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 30 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 50 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of

Claim 31 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 51 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 32 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 52 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 33 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 53 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 34 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 54 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 35 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome (SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.

Claim 55 (New) A method for treating a condition in an individual in need thereof, the method comprising administering an effective amount of the compound or salt thereof of Claim 36 to the individual, wherein the condition is thrombosis, embolism, cerebral infarction, cerebral embolism, myocardial infarction, angina pectoris, pulmonary infarction, pulmonary embolism, Buerger's disease, deep venous thrombosis, disseminated intravascular coagulation syndrome, thrombus formation after valve or joint replacement, thrombus formation and reocclusion after angioplasty, systemic inflammatory response syndrome

Application No. 10/539,995
Reply to the Office Action of April 12, 2010

(SIRS), multiple organ dysfunction syndrome (MODS), thrombus formation during extracorporeal circulation, or blood clotting upon blood drawing.
